11. Behind Ragged Mountain Running Shop (8 spaces) (**requires St. Paul's parking pass**)

The vestry of St. Paul's Memorial Church recognizes the difficulties that many parishioners experience parking on Sundays and offers this guide to assist. Kindly bear in mind the following:

- A short walk from one of the outlying parking areas can provide a healthful opportunity for reflection and personal preparation for the service. Please take advantage of all parking opportunities.
- Consider car pooling as a sociable way to reduce the demand for parking while supporting good stewardship of the environment.
- Avoid parking in spaces marked "Reserved at all times."
- In some cases prayer may be helpful in locating a good parking spot, but overall the best strategy for finding a preferred spot: ARRIVE EARLY.
- The Chancellor St. parking lot (location 7 on the map) should be used on Sundays by those with special needs (elderly, families with toddlers & infants, the physically impaired, visitors and newcomers).
- Some parking areas (locations 1, 9 and 10 on the map) require submission of a signed current church service bulletin to the parking attendant for free parking.
- Some parking areas (locations 8 and 11) require a St. Paul's parking pass. Ask an usher.
